Partner payout guide

Form first. Launch next. Email to initiate payout.

US$900

BYOP payout to an eligible partner after launch completion is confirmed.

* Not a merchant credit. Separate from referral bonuses, revenue share, and Shopify-assigned launch services.

01

MERCHANT + PARTNER

Confirm eligibility

Merchant accepts the **Retail Subscription Terms (TOS)** in Shopify Admin and commits to **POS Pro for one year**. Partner must be enrolled in the **Shopify Partner Program**. Confirm scope and BYOP eligibility with Shopify before committing.

02

MERCHANT SUBMITS / PARTNER ASSISTS

Complete the BYOP form together

After the merchant accepts the TOS and commits to POS Pro for one year, **help them complete and submit the BYOP form**. Review all details together. Keep the **Shop ID, myshopify.com URL, and partner organization ID** accurate and consistent across the submission and payout request.

Open the merchant form >

03

PARTNER

Complete the launch, then email

Complete the launch and confirm the merchant is live. Email **pos.partner.launch@shopify.com** to confirm completion and initiate payout. **Form submission alone does not trigger payout.**

INCLUDE IN THE COMPLETION EMAIL

Merchant: business name, Shop ID, myshopify.com URL, contact details.
Partner: business name, partner organization ID, contact details.
Launch: completion date, services summary, BYOP submission reference (if available).

Payout remains subject to eligibility confirmation and any missing-information checks.

WHAT THE US$900 LAUNCH PAYOUT COVERS

Included launch services

Introductory meeting: initial contact and call with the merchant.
Core data migration: Products, Customers, and Gift Cards only, from the existing POS to Shopify POS.
Set-up audit: system settings, configuration, and hardware set-up confirmation.
Go-live: test transaction; confirm the system is functional and transacting.
Post-launch support: 5 days for launch-related items.

Not included

Historical data migration.
Step-by-step hardware set-up.
Staff training.

Agree any additional scope and fees separately with merchants.

Identifier check: The form labels a field "Your Shopify ID." Check its guidance; do not assume it means the numeric Shop ID. Include all three identifiers in the completion email even where the form has no dedicated field.
